

Safety Data Sheet

1 - Identification

Product Name: Carpet Fresh Powder – <u>Country Potpourri, Gardenia, Honeysuckle,</u> <u>Mountain Essence, Neutra Air, Apple Cinnamon</u>	Manufacturer: WD-40 Company Address: 1061 Cudahy Place (92110) P.O. Box 80607 San Diego, California, USA 92138 –0607
Product Use: Rug and Room Deodorizer	Telephone: Emergency only: 1-888-324-7596 (PROSAR)
Restrictions on Use: None identified	Information: 1-888-324-7596 Chemical Spills: 1-800-424-9300 (Chemtrec) 1-703-527-3887 (International Calls)
SDS Date Of Preparation: 08/4/2014	

2 – Hazards Identification

Hazcom 2012/GHS Classification:

Not Hazardous

Note: This product is a consumer product and is labeled in accordance with the US Consumer Product Safety Commission regulations which take precedence over OSHA Hazard Communication labeling.

Label Elements:

Not required

3 - Composition/Information on Ingredients

Ingredient	CAS #	Weight Percent	US Hazcom 2012/ GHS Classification
Non-Hazardous Ingredients	Mixture	<100%	Not Hazardous
Fragrance	Mixture	<1%	Not Hazardous

Note: The exact percentages are a trade secret.

4 – First Aid Measures

Ingestion (Swallowed): Do not induce vomiting unless directed to do so by medical personnel. Call a physician, poison control center or the WD-40 Safety Hotline at 1-888-324-7596. Give one to two eight-ounce glasses of water to drink if the patient is conscious and responsive. Never give anything by mouth to an unconscious person.

Eye Contact: Flush eyes with plenty of water for several minutes, lifting upper and lower eyelids occasionally. Get medical attention if irritation persists.

Skin Contact: First aid would not generally be required. Rinse off with water. Get medical attention if irritation develops and persists.

Inhalation (Breathing): First aid would not generally be required. If irritation is experienced, remove to fresh air. Get medical attention if irritation persists.

Signs and Symptoms of Exposure: Dust may cause mechanical eye irritation. Inhalation of dust may cause mucous membrane and respiratory irritation. Ingestion may cause gastrointestinal irritation with nausea and diarrhea.

Indication of Immediate Medical Attention/Special Treatment Needed: Immediate medical attention is generally not required.

5 – Fire Fighting Measures

Suitable (and unsuitable) Extinguishing Media: Use any media that is appropriate for the surrounding fire.

Specific Hazards Arising from the Chemical: This product is not flammable or combustible. Thermal decomposition will release oxides of sulfur and sodium.

Special Protective Equipment and Precautions for Fire-Fighters: Firefighters should always wear positive pressure self-contained breathing apparatus and full protective clothing.

6 – Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures: Avoid breathing dust. Avoid prolonged contact with eye, skin and clothing. Wear appropriate protective clothing (see Section 8).

Methods and Materials for Containment/Cleanup: Sweep or vacuum up, avoid generating airborne dust. Place in an appropriate container for disposal.

7 – Handling and Storage

Precautions for Safe Handling: While this product is not hazardous, it is prudent to avoid getting in eyes or on skin and clothing. Avoid breathing dust. Wash hands after use.

Conditions for Safe Storage: No special storage required. Keep out of the reach of children.

8 – Exposure Controls/Personal Protection

Chemical	Occupational Exposure Limits
Non-Hazardous Ingredients	None Established
Fragrance	None Established

The Following Controls are Recommended for Normal Consumer Use of this Product

Appropriate Engineering Controls: Good general ventilation is adequate for normal use.

Personal Protection:

Eye Protection: Avoid eye contact.

Skin Protection: Avoid prolonged or repeated skin contact. Wash hands after use.

Respiratory Protection: None required.

For Bulk Processing or Workplace Use the Following Controls are Recommended

Appropriate Engineering Controls: A system of local and/or general exhaust is recommended to control airborne levels and minimize the potential for irritation.

Personal Protection:

Eye Protection: Safety glasses with side shields or chemical goggles are recommended.

Skin Protection: Wear appropriate protective clothing and chemical-resistant gloves to avoid prolonged skin contact. Wash thoroughly after handling.

Respiratory Protection: Use in a well-ventilated area. Appropriate respiratory protection should be worn when applied engineering controls are not adequate to protect against inhalation exposure.

Work/Hygiene Practices: Wash hands before eating and smoking.

9 – Physical and Chemical Properties

Appearance:	White powder	Flammable Limits: (Solvent Portion)	Not applicable
Odor:	Pleasant odor	Vapor Pressure:	Not applicable
Odor Threshold:	Not established	Vapor Density:	Not applicable
pH:	Not applicable	Relative Density:	Not established
Melting/Freezing Point	Not established	Solubilities:	Soluble
Boiling Point/Range:	Not applicable	Partition Coefficient; n- octanol/water:	Not established
Flash Point:	Not applicable	Autoignition Temperature:	Not established
Evaporation Rate:	Not applicable	Decomposition Temperature:	Not established
Flammability (solid, gas):	Not flammable or combustible	Viscosity:	Not applicable

VOC:	<1%	Pour Point:	Not applicable
------	-----	-------------	----------------

10 – Stability and Reactivity

Reactivity: Not reactive under normal conditions
Chemical Stability: Stable under normal storage conditions.
Possibility of Hazardous Reactions: None known.
Conditions to Avoid: None known.
Incompatible Materials: Acids and bases.
Hazardous Decomposition Products: Heating to decomposition will yield oxides of sulfur and sodium.

11 – Toxicological Information

Symptoms of Overexposure:
Inhalation: Excessive inhalation of dust may cause minor irritation of nose, throat and upper respiratory tract.
Skin Contact: Sensitive individuals may experience mild skin irritation on prolonged contact.
Eye Contact: Direct eye contact may cause mild irritation.
Ingestion: Swallowing large amounts may cause gastrointestinal irritation with nausea and diarrhea.
Chronic Effects: None expected.
Carcinogen Status: None of the components are listed as a carcinogen or suspect carcinogen by IARC, NTP, ACGIH or OSHA.
Reproductive Toxicity: None of the components is considered a reproductive hazard.

Numerical Measures of Toxicity:
The oral toxicity of this product is estimated to be greater than 5,000 mg/kg and the dermal toxicity greater than 2,000 mg/kg based on an assessment of the ingredients. This product is not classified as toxic by established criteria.

12 – Ecological Information

Ecotoxicity: No aquatic toxicity data is currently available; however components of this product are not expected to be harmful to the environment.
Persistence and Degradability: No data available
Bioaccumulative Potential: No data available
Mobility in Soil: No data available
Other Adverse Effects: None known

13 - Disposal Considerations

If this product becomes a waste, it would not be expected to meet the criteria of a RCRA of a hazardous waste. However, it is the responsibility of the generator to determine at the time of disposal the proper classification and method of disposal. Dispose in accordance with federal, state, and local regulations.

14 – Transportation Information

DOT Surface Shipping Description: Not Regulated
IMDG Shipping Description: Not Regulated
ICAO Shipping Description: Not Regulated

15 – Regulatory Information

U.S. Federal Regulations:
CERCLA 103 Reportable Quantity: This product is not subject to CERCLA reporting requirements, many states have more stringent release reporting requirements. Report spills required under federal, state and local regulations.
SARA TITLE III:
Hazard Category For Section 311/312: Not Hazardous
Section 313 Toxic Chemicals: This product contains the following chemicals subject to SARA Title III Section 313 Reporting requirements: None
Section 302 Extremely Hazardous Substances (TPQ): None

EPA Toxic Substances Control Act (TSCA) Status: All of the components of this product are listed on the TSCA inventory.

California Safe Drinking Water and Toxic Enforcement Act (Proposition 65): This product does not contain chemicals regulated under California Proposition 65.

VOC Regulations: This product complies with the consumer product VOC limits of CARB, the US EPA and states adopting the OTC VOC rules.

Canadian Environmental Protection Act: One or more of the components are listed on the NDSL. All of the other ingredients are listed on the Canadian Domestic Substances List or exempt from notification.

Canadian WHMIS Classification: Not a controlled product.

This MSDS has been prepared according to the criteria of the Controlled Products Regulation (CPR) and the MSDS contains all of the information required by the CPR.

16 – Other Information:

HMIS Hazard Rating:

Health – 1 (slight hazard), Fire Hazard – 0 (minimal hazard), Physical Hazard – 0 (minimal hazard)

Revision Date: August 4, 2014

Supersedes: January, 2009

Revision Summary: Convert to Hazcom 2012. Changes in all sections.
